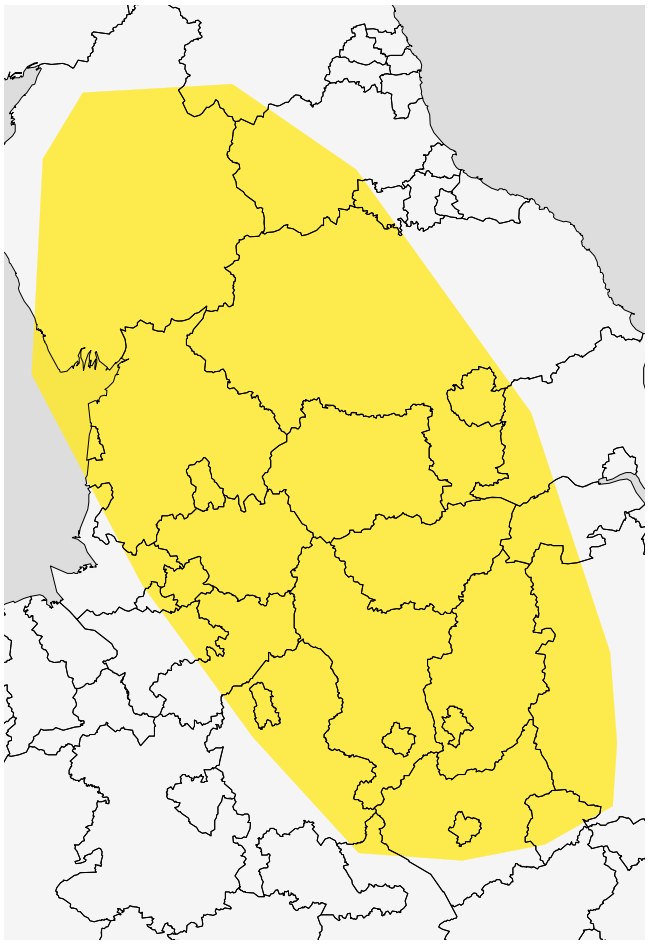
Yellow warning
Thunderstorm

Between
13:00 Wed 24 Apr 2019 and
21:00 Wed 24 Apr 2019



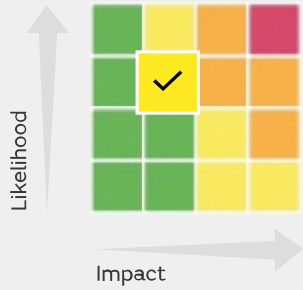
Thunderstorms may bring some temporary disruption to travel and power supplies.

What to expect

- Possible damage to a few buildings and structures from lightning strikes. Some short term loss of power and other services is likely, with possible delays to train services
- There is a good chance that driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Flooding of a few homes and businesses is possible

Further details

Although not everywhere will get one, heavy showers and thunderstorms are expected to break out across central and northern England during Wednesday afternoon, easing from the south during the evening. These thunderstorms bring the potential for lightning strikes and hail, with sudden downpours and gusty winds.



Medium likelihood of low impacts

Issued at 10:41 Wed 24 Apr, 2019
